

2013 Growing Brilliance Campaign

The Growing Brilliance Campaign is an annual opportunity for the families and community members to get involved and invest in the success of San Tan Learning Center. This campaign addresses the funding gap between the school's per student cost and the state aid given per student. As an Arizona public charter school, STLC receives an average of \$1725.00 less in per student funding than a traditional public school. Our goal is to provide our highly qualified staff with fair compensation. San Tan Learning Center is a 501(c)(3) non-profit organization and all contributions may be fully tax deductible.
