### **Growing Brilliance Campaign**

The Growing Brilliance Campaign is an opportunity for the community to get involved and invest in the success of San Tan Learning Center & Fulton Ranch Learning Center. This campaign addresses the funding gap between the school's per student cost and the state aid given per student. Both schools receive an average of \$1725 less in per student funding than a traditional public school. Our goal is to provide our highly qualified staff with fair compensation. STLC and FRLC are 501(c)(3) non-profit organizations, and all contributions may be fully tax deductible.

### **Mission Statement**

STLC and FRLC, as a school community, will strive for excellence in Academic & Character Education by fostering the curiosity, creativity, and imagination born within us all.
