Guest Speaker for this presentation is Chad Fletcher, ChFC is a licensed College Planning Relief® financial professional. Chad's knowledge and expertise in the area of paying for college without sacrificing retirement will save hundreds of parents thousands of dollars through this presentation alone. Plan for the expense of college with FACTS not assumptions. And don't miss out on your free scholarship valued at \$500!

**Here is what you will learn:**

- ⇒ **The REAL cost of college and where to find it**  
Most colleges don't let you know that your out of pocket expense will be twice as much as tuition alone!
- ⇒ **How to determine AID Eligibility**  
Without knowing this formula, you won't know how much help you can expect.
- ⇒ **Why private schools could save you THOUSANDS!**  
The assumption that public institutions are less expensive is often only true at the surface. Dig a little deeper and you may be surprised!
- ⇒ **Scholarships and the myth of free money**  
We recommend against paying for ANY scholarship search service because there are so many free ones - but be careful, there's a catch.
- ⇒ **How to avoid OVERSPENDING for college**  
Without this simple approach, most parents will follow a sequence that is the exact OPPOSITE of the way they SHOULD plan.
- ⇒ **FAFSA, PROFILE, EFC, COA, FAO, APA, IPA and more**  
When you leave this workshop, you'll know what you need to know in order to begin your planning process...it's not too late to start!
