

Gifted Parent Information Night

November 17th, 2014

6 to 7p.m.

Have you ever wondered why your gifted child does the crazy things they do? What giftedness is and what comes along with it? How can we assist your gifted child both at home and school in providing those essential life skills that will prepare them for future endeavors.

San Tan Charter School has prepared a panel of gifted experts to assist us in answering these questions and many others. Information night is suitable for parents of all grade levels. Door prizes and refreshments are provided.

Some of the panelists include:

Kimberly Lansdowne, ASU's Herberger Young Scholars Academy

Peter Laing, Gifted Education from the Arizona Department of Education

Laura Wingers, Licensed Psychologist with Beljan Psychological Services

San Tan Charter School

3959 E. Elliot Road • Gilbert, AZ 85234
