

NEW SAN TAN CHARTER SCHOOL STUDENTS

STUDENT REGISTRATION 2019 - 2020

Hello Families,

We are pleased to offer you the opportunity to register your student online through our Parent Portal – Infinite Campus. We look forward to the Infinite Campus process saving you time by allowing you to enroll your new student with San Tan Charter School through our online system. You can save and continue the registration process without worrying about losing progress. Once complete, you will receive a confirmation email as well as any notes and additional student paperwork needs.

We hope the below instructions will guide you through the new process. We are always available to answer questions by calling us at 480-222-0811. During office hours, select your campus and then select "Register" through the automated system. You may also email us at enrollments@san-tan.com.

We look forward to your trust and involvement in our San Tan Charter School community.

Educationally yours,
