PLAY, LEARN, PERFORM.

Every week we come to San Tan Montessori and this is a simply a short overview of what each child is learning each week at Amazing Athletes. We hope that you will sign your child up for class, so they can start having fun learning to different goals.

Our coaches are trained to work with each child at their own pace so that they have plenty of positive movement experiences and ample practice to build their motor skills. If you still have daily questions or concerns regarding how your child is progressing, please don't hesitate to contact us.
