

Health, Wellness, & Tower Garden Class Newsletter (class #3 & 4)

Hello Montessori Preschool families! Mrs. Stapley here!

I'm a Health Coach & I teach your kiddos the **Health & Wellness & Tower Garden** classes on **Tuesdays**.

(Some of your kiddos may have had me last year!)

What a joy that it is to see them loving & learning to take care of their bodies!

For our 1st class we introduced the concept of "Eating the Rainbow"

The foods with colors

from nature, not fake or synthetic colors & foods.

And how each of the colors especially helps with certain parts of our bodies!

For example: Fruits & Veggies that are Purple & Blue help with Brain Health & Function.

Yellow helps with your Vision.

Red, with your heart health.

White, with your bone health.

And we listed as many fruits & veggies in each category that we could think of.

Mrs. Stapley brought in her kid sized shopping cart & grocery bag full of play produce

& encouraged them to pick out & try a new fruit or veggie at the grocery store.

When they go with their family to get fresh food.
