FUTURE DREAMS

I plan on going to college to further my education and pursue my writing/film career. I am most likely going to GCU as of right now, staying on campus and everything. The big plan here is to get to the point where I'm directing my own feature films or shows.

MY MOTIVATION

Mrs. Freeman has always been there to support me since the sixth grade. She never sugar coats anything either, it helps get me prepared for the next chapter of my life where I know things are just going to get harder. I'd also like to thank my coaches for always pushing me to be a better and harder working man. From basketball to volleyball, my coaches have always been there to support me.

MY MOTIVATION, Cont.

I always think of the bigger picture of things. An example: "If I finish this assignment right now while I'm working I don't have to stress about it last minute." It's a generic one but it's too true. Also, family, my parents, and relatives have always been there for me. Whether it's supporting my YouTube channel or basketball they've been through thick and thin with me. So in the future, I want to be able to take care of them if times are ever rough.

STUDENT SHOUT OUT

Kevin Dunn, he's always on task and a very respectable man. He's a little quiet but that's how you know he's always getting things done. He's just very focused and hardworking.

HIGHLIGHTED iLEAD VALUE

Dedication easily. The way I see it is that if you don't have the dedication then what's the point of what you're doing. Dedication is your self-will to go on and improve your skills. It's definitely something I've struggled with but I know it's what I need the most.

Save the Date!

Our annual Elective Showcase will be in the green gym on February 26th at 5PM.

Students will have the opportunity to see the 20-21 elective offerings and meet with the teachers. The portal will open that night to choose electives for next year.
