

Hello Preschool Families,

We are busy preparing for our Munch and Sing and Charlie Brown Thanksgiving. Fingers crossed that we can use a bit of cilantro from our garden for our class made salsa next Friday, and it looks like our peppers will be ripe just in time!

This week we have been working on making nature art to decorate the tables and yard for our sing along. Pine cones have been painted, glittered, and are ready to go.

Students have also been working on their thankful art for our annual thanksgiving celebration on 11/27. They are so excited to show off their creations.

I am always looking for tree stumps, branches, tree cookies, acorns, dried leaves, and other outdoor items to use for natural art and play.

Right now, Montessori Services is having their fall promotion. If you place an order for home items, please reference customer code #165000. Our school will earn a 10% credit. While you are shopping, please keep us in mind! Teachers have added some items to a wishlist on the website. [Wishlist Link](#)

As we shift into this new season, please take a look at our Outdoor Environment wishlist. Your support and generosity are much appreciated! [Wishlist](#)
