

Hello Music Together Families,

This week, we'll do what we call a play-along, where we let the children choose how they want to play with the music. So far, we have been doing very structured music activities. Now, we'll give them a more unstructured time to experiment with the information they have been receiving, which will deepen their learning. (Note: This can also be adapted for free movement.)

A poster for the "HARVEST FESTIVAL Munch & Sing". It features stylized leaf and acorn illustrations at the top. Below the title, it says "Munch & Sing". The date "11/23/19" and time "1:30-3 PM" are listed. At the bottom, it says "Music Director: Kristen Korfrey" and includes a small logo of a person playing a instrument.

Mark your calendar for November 23rd! Come sing with us at our Harvest Celebration! This is a time for the whole family to make memories! Whether you consider yourself a musical person or not, this is a safe place to let go and experience the joy of music.

May peace be with you this weekend.

Musically Yours,
Kara Korfrey
