

San Tan Parent University

When:

February 13th, 2020
7:00pm - 9pm

Where:

San Tan, Recker Campus
3959 E Elliot Rd.

RSVP:

Please RSVP to help us provide enough seating and handouts for the event. [RSVP Here](#)

Featuring

Event begins with Keynote speaker Dr. Beljan as we dive into gifted traits and the idiosyncrasies of the gifted brain.

Next, parents will hear from Dr. Sippel as he shares the 2020 Vision of San Tan Charter School. Where we have been and where we are headed, will be addressed as he shares the exciting plans for the District.

Dr Beljan

Guest speaker **Dr. Paul Beljan** from Beljan Psychological Services will be discussing Gifted Children and why they do the crazy things they do. Dr. Beljan is a pediatric and adult neuropsychologist who specializes in the assessment, diagnosis and treatment of neuropsychological disorders. He is nationally and internationally renowned for his clinical work with and research of giftedness, ADHD, developmental disorders, executive functioning and neurocognitive therapy.

Dr. Sippel

Dr. Kristofer Sippel has been with San Tan Charter School since its inception back in 2005 serving as the Principal of San Tan Learning Center. Dr. Sippel will continue his position of CEO/Superintendent at San Tan Charter School as the school moves into its 14th year of service to the community. Dr. Sippel manages the day-to-day operations and the growth and development of a hyper-growth charter school taking San Tan from 45 students in 2005 to over 1200 students for the current school year. Dr. Sippel has been in education for over two decades serving students as a Reading Teacher, High School English Teacher, Dean of Students, and Assistant Principal.

Childcare

Childcare is available for \$5 per child at the beginning of the event. RSVP childcare when you RSVP for the event.
