

SAN TAN CHARTER SCHOOL

2020-2021 REOPENING PLAN

—DATA LA/THERED—

RESULTS OVERVIEW

The below survey responses were collected between June 9, 2020 and June 14, 2020 across our families and staff communities. The parent survey was sent to our nearly 600 families, and accounts for more than 900 students. While the parent survey was sent to nearly 1,700 emails, the assumption is that they were completed 1 per family. Therefore, we have measured our engagement rate against a total family and not per email address. Our staff survey was sent to our 100-21 district team of 68 people.
