

Greetings Families!

Week of July 6th – July 10th

This week we've been talking about the Sonoran Desert. We read a book that gave us lots of information about it called *Desert Digits*, and watched an educational video on the topic. We've learned so much about the Sonoran Desert, particularly about the different types of plants and animals that can be found there.

For music, we came back to our song, "Way Out in the Desert." It mentions many of the animals we've been learning about this week.

For art, we created a Sonoran Desert scene. We had so much fun with this project!

As usual, we were very busy during our morning work period this week. We are gaining so many skills from engaging in the work we choose during this period.

We had an awesome week in our class, and we can't wait to see what's in store for us during the rest of this summer!

Sincerely, Ms. Sein
