

Goodbye San Tan Community,

As anticipated last last week the Department of Health, the State Superintendent and the Governor released their guidance for returning to on campus schooling. After careful review and thoughtful reflection of this guidance, San Tan Charter School's Board of Directors voted to begin on campus schooling on Monday August 31st with a phased approach. Our phased approach will consist of our Home Based and Hybrid model (on-campus Monday/Tuesday or Thursday/Friday) through October Break. It is our hope that all will go well during our phased on-campus schooling and we will be able to begin our full five day a week on campus instruction in addition to continuing our Home Based and Hybrid model beginning after October break on Tuesday October 13th. Please complete the attached form with your family choice (Home Based or Hybrid) for the remainder of this first quarter by Sunday August 29th.

[Q1 Phased Enrollment San Tan](#)

In addition, I have attached four important documents for your understanding of our phased approach to return to on-campus schooling. If you have any questions, please reach out and we can assist.

Educationally Yours,

Erin Miller Syperl
